VT229 Student Goals for Externships 2017

Name: _____ Date: _____

Please Attach a Xerox copy of this form to your sign-up sheet.
Due to Dr. Bassert by Thursday, February 2 at 3:00pm

Instructions:

In addition to the Task Check List, students will want to complete specific goals during their externship that is unique to their interests, level of experience and abilities. In preparation for your externship interviews, please complete the following form, listing at least 3 goals that you would particularly like to complete during the 12 week course. Some of your goals may be listed on the Task Check list, while others may not. Be as specific as possible. **Type your answers and make four copies of the completed form: one for each of your 2 site supervisors, one for Dr. Bassert and one for your own records.**

1. Overall, what I most want from my externship experience is....:

2. A perfect clinical instructor for me would have the following qualities and characteristics:

3. At the completion of my clinical externship, I want to be proficient in the following specific clinical tasks:

4. At the completion of my clinical externship, I want to have gained experience in, but not necessarily proficiency in, the following areas:

5. At the completion of my clinical externship, I want to have had the opportunity to observe the following:
