## ANNUAL REPORT

[MANOR.EDU](http://MANOR.EDU)

## LETTER FROM PRESIDENT JONATHAN PERI

The Pennsylvania Department of Education recently revealed that by 2020, 63% of all jobs in Pennsylvania will require a college degree; right now, 44% of Pennsylvanians hold a degree. This information was perceived as so important that Pennsylvania's Council of Higher Education, part of its State Board of Education, voted to approve a college attainment goal closely aligned with the market-needs of our society as they unfold over the next few years. In turn, this approval permits the Department of Ed to achieve a six figure grant that begins to aim us, statewide, toward the college attainment goal. Planning to get us from point A to point B will be a part of the Department of Ed's process.

Can you guess where the biggest gap in degree-need was? It is vocational level college education and two year degrees. Of the 63% needed by 2020, 33% will require some college, associate's degree or a postsecondary vocational certificate. This is what we do at Manor College. And while we approach topics based upon good data and needs-based studies, we are driven by who we are as a Catholic Basilian institution that transforms lives.

As you read these pages of our Annual Report, know that Manor College serves our community in fulfillment of our mission. We are one of the only small private Catholic two-year colleges around and with a 9:1 student teacher ratio, we are positioned very differently than small private four-year colleges as well as community colleges. Compared to the four year private colleges, we are the most affordable in Pennsylvania, bar none. Compared to the community colleges, our student teacher ratio is far better; and students of

Manor who seek to graduate or transfer to four year institutions do so at almost twice the rate.

On top of it, the National College Scorecard brings us back to the beginning of the conversation. There is a growing market need for two year and vocational degrees as we offer here at Manor. This means that since Manor graduates already have higher than national average starting salaries on the Scorecard, they are poised for an increase.

Manor College has an excellent value proposition: Manor College is a transformational institution that offers an excellent, values-based education and fosters student success by keeping classes small and tuition affordable. Because Manor's classes are small, our amazing faculty and our students have opportunities for 1:1 conversations, guidance, mentorship; and the result is not just being immersed in new materials, but learning because our students understand the concepts. Student understanding itself arises from available and fostered conversations with faculty. It's not something that happens everywhere. Our success is because we care in a way that embraces every student toward their success.

With our long term vision for becoming a bachelor's granting institution, there will be no comparing to us, because we will hold onto our values, our excellent faculty, our student teacher ratio, our better than any private college affordability and our place as an associate's granting institution. We're beginning to think of ourselves as a 2+2 institution. But we should stop there. That's for next year's annual report...

*Jonathan Peri*

JONATHAN PERI, PRESIDENT

## MISSION

Manor College believes that personalized education in the Judeo-Christian tradition generates a commitment to a peaceful world, which inspires confidence in the present and hope for the future. Manor's Basilian environment enables students to fully develop as individuals and instills an understanding of scientific, humanistic and ethical-principles so students form a global vision. Manor also believes that graduation begins a new chapter of lifelong learning.

By maintaining academic excellence through current, innovative programs and encouraging students to develop a sense of inquiry, their critical thinking, effective communication skills, and by providing opportunities to serve the community, Manor graduates are prepared to serve society effectively and compassionately.

Congratulations to **Elonzo Fairbanks** for being awarded the Mother Josaphat Medal at the 13th Annual Founders Day on January 22, 2016. The Mother Josaphat medal goes to a student that has exhibited a responsible lifestyle, evidenced through Reverence, Respect and Service to the community.

# WE **CARE** ABOUT OUR STUDENTS AND OUR COMMUNITY

CORE VALUES AND STUDENT CLUBS AND ORGANIZATION HIGHLIGHTS

## CORE VALUES

*Manor College CARES about our students and our community, evidenced by our core values:*

Catholic Basilian Tradition of Community, Hospitality and a Global Vision of Humanity

Academic Excellence Through Personalized Education, Effective Teaching and a Belief in Lifelong Learning

Respect for the Dignity of Each Person

Experiences that Transform Our Students

Service to the Community

The **Justice Studies Association** hosted a conference on Justice Studies and led a clothing drive to support Career Wardrobe, a non-profit organization that provides women professional and business clothing to help them get back into the workforce.

Student, **Kyle McIntosh** poses with Liberal Arts Professors Mike Landis and Dr. Madeline Seltzer upon being inducted into **Phi Theta Kappa Honor Society** - a collegiate honor society with the mission to recognize academic achievement of college students and to provide opportunities for them to grow as scholars and leaders.

Last Spring, **Student Senate** presented project proposals to the faculty, staff and administration of Manor College with the purpose to have their voices heard for student concerns in order to make the Manor College experience a better one for all. One group proposed academic concerns, specifically with the current grading system and requested student input during the faculty hiring process. A second group suggested ways to make our classrooms more student friendly and equipped for a better learning environment.

## STUDENT HIGHLIGHT

Anamata Hashmi, a Liberal Arts major was the 2015 recipient of the Service Leadership Scholarship. Anamata is a campus leader and currently involved with: Rotaract, Manor Ambassadors and Phi Theta Kappa. It is scholarships that make Manor College a great place for students to thrive inside and outside of the classroom.

Anamata comments on her receiving the Service Leadership Scholarship by saying, "This scholarship helped me stress less about the amount of money I had to pay for college and this scholarship gave me hope that I would be able to attend college and made me realize how much of a leader I am becoming."

Students, faculty and staff participate in a Business Card Exchange hosted by the **Manor College Rotaract Club**. The Rotaract Club participates in many community service projects throughout the year, projects include: Jenkintown Rotary Pancake Breakfast, NE Sunrisers Spaghetti Supper and Infinite Steps Program to Congress.

## VISION AND DONOR SPOTLIGHT

"For I know the plans I have for you,  
plans to prosper you and not to  
harm you, plans to give you hope  
and a future."

*Jeremiah 29:11*

### **Manor College officially began a new chapter this year - one filled with hope and prosperity.**

This is the beginning of the transformation that will change our potential into reality. Our ambitious vision is for Manor College to become a bachelor's degree-granting Catholic Basilian teaching college of distinction. Manor will be known for our diverse, thriving student body; excellent academic programs that prepare our students for contemporary careers; outstanding faculty and staff who are dedicated to our students and our community; and a safe and inviting campus worthy of a college of this caliber.

### **DONOR SPOTLIGHT: ANNA MARIE MONAGHAN, CLASS OF 1972**

The Anna Marie Monaghan Scholarship was recently established in honor of Sister Mary Cecilia Jurasinski, OSBM, President Emeritus of Manor College who inspired Anna to achieve her academic dreams. Anna graduated from Manor College in 1972 and went on to receive her B.A. in Education from Holy Family University.

The Anna Marie Monaghan Scholarship is awarded to a graduating senior or employee of Ann's Choice, a senior living and continuing care retirement community in Warminster who wishes to attend Manor. The scholarship provides up to \$8,000 (\$4,000 scholarship awarded each Spring and Fall semester) to an academically qualified individual.

When asked, "Why did you start the Ann Monaghan Scholarship?" Monaghan's response was, "Ann's Choice gives out scholarships and I wanted to be a part of that giving. I wanted to give back to the college that meant so much to me. Sister Cecilia motivated me to get started again after my husband died and that was very important to me. She always encouraged me and it was very appreciated. Adult Education was not common around that time, so it was a big deal that I went back to school."

# FINANCIAL SNAPSHOT

A FINANCIAL REPORT FOR 2015-2016 BY DIRECTOR OF FINANCE AND FACILITIES, JOHN WINICKI

For fiscal year ended June 30, 2016, Manor College exhibited strong financial stability despite the decline in enrollment seen nationwide. Our balance sheet remains strong, operating results are positive, and liquidity is healthy. Total revenue increased nearly 5% while expenditures declined almost 3%. The purpose was to control costs in an effort to ensure affordability to our students. ***This is evident in a 0% tuition rate increase for the fiscal year 2016-17.*** The college's net surplus enabled various capital projects to be completed around campus. These projects were intended to benefit existing students and help in the recruitment of new students.

The majority of revenue is generated through tuition and fees, making up nearly 82% of the total revenue. Auxiliary enterprises comprised of cafeteria services, residence hall, and the dental health center contribute almost 9% of total revenue. ***An area of optimistic growth resides in contributions to the college in the form of gifts and donations.*** Currently this area makes up only 3.2% of total revenue. Grants and federal and state appropriations contribute 3.5% to total revenue. The remainder is made up of other educational, investment, and other revenue.

## Sources of Revenue

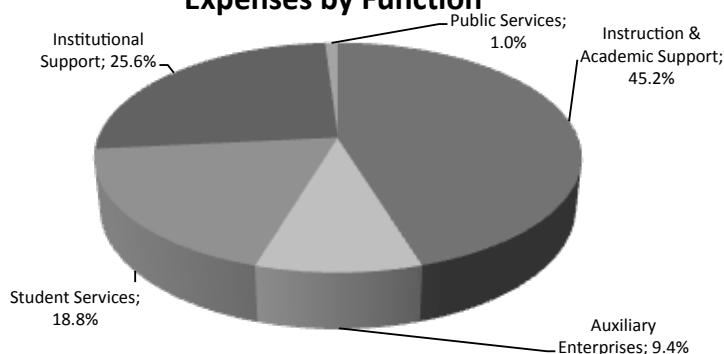

***The bulk of operating expenses (64%) have a direct benefit to students through instructional education, academicsupport, and student services.***

Auxiliary Enterprises make up 9.4% of the total expenses, while the costs to keep the college up and running in the form of institutional support make up 25.6% of total expenses. Manor College strives to eliminate wasteful spending while continually looking for cost efficiencies.

***The market value of the endowment increased by over 11% to \$2.67 million.***

The Manor College endowment plays a significant role in helping to support students through various named and unnamed scholarships. The board of trustees has adopted a spending policy which requires the college to use 4% of the 3 year average return on the market value of the endowment. As the endowment continues to grow, more money can go towards funding student scholarships.

## SCHOLARSHIP *IN* ACTION

*Camille Harper is one of the recipients of the Helen Mahanic Skoufis and Peter J. Skoufis Scholarship Fund.*

“It was in the Spring of 2015 that I'd decided to start fresh, and I'd made a promise to myself that I wouldn't skip a single semester without registering for at least one class. I quickly exhausted all my financial aid for the Spring semester, and since I was not financially able to pay out-of-pocket for classes, I was unsure how I was going to continue my college degree.

Being awarded this scholarship not only fully covered my summer class, it also helped me keep my promise to myself as I am looking towards a career in nursing. ‘Thank you’ to all who played a part in allowing me to continue my journey here at Manor.
