

Associate in Science NURSING TRANSFER PROGRAM

Program Description:

The Associate in Science Nursing Transfer Program at Manor College allows the student to complete the first two years of the necessary coursework required to obtain a Bachelor of Science in Nursing (BSN) degree. The program provides the foundation in the sciences and liberal arts required for the student to develop interpersonal, critical thinking, and problem solving skills necessary for success in the nursing field.

“The nursing program gave me an opportunity to keep growing and challenge myself physically, mentally, and educationally. By being extremely engaging, the program molded and strengthened me as an individual, and as a future nurse.”

-Alina K

Why You Should Choose Manor: Admissions Requirements:

Manor College is the perfect starting place for someone interested in nursing careers. Upon graduation from Manor’s Nursing Transfer Program, the student is prepared to transfer and complete the clinical portion of the degree. Manor College offers small lecture and laboratory sections for all science courses. Students will gain valuable hands-on experience in laboratory which will help them succeed after transferring to a baccalaureate program.

Career Opportunities:

Nurses practice in a variety of areas, including surgical, emergency medicine, obstetrics, pediatrics, and mental health. Employment opportunities are equally varied and include hospitals, healthcare organizations, community healthcare centers, schools, pharmaceutical companies, private clinics, long term care facilities and home healthcare, and government agencies. Additional options become available if you pursue advanced education at the Master’s degree level, allowing you to become a nurse practitioner, clinical nurse specialist, nurse anesthetist, or nurse midwife.

Affordability:

At Manor College, 96% of students receive financial aid. Manor is committed to making our personalized education experience possible for all students, both academically and financially. Manor offers competitive tuition, financial aid options such as merit-based scholarships and athletic scholarships (for eligible sports). You’ll find Manor is an affordable place to start your education!

Manor continually reviews and accepts applications, making it easy to become part of our community. In addition to the general admissions criteria, students admitted into the Nursing Transfer program must have successfully completed:

- 1 year of biology with lab and one year of chemistry with lab at the high school level with grades of C or better
- At least two years of high school level math including Algebra or one college level algebra course with grades of C or better
- A combined SAT score (critical reading plus mathematics) of 840 or better
- An overall GPA of 2.7 or higher
- Preference will be given to applicants who rank in the top half of their graduating class, have an overall GPA of 3.0 or better, and have an SAT score of 900.

TIP: Apply sooner rather than later! With our rolling admissions policy, we process applications throughout the year in the order received. This means more certainty in your future, as you’ll receive an admissions decision within two weeks of completing all procedures.

Associate in Science: **NURSING TRANSFER PROGRAM**

Recommended Curriculum Sequence:

FIRST SEMESTER

- B1 101 Biology I (4 credits)
- CH 101 Fundamentals of Chemistry 1 (4 credits)
- EN 101 Fundamentals of Composition I (3 credits)
- MH 103 College Algebra (3 Credits)
- PS 101 Introduction to Psychology (3 credits)

SECOND SEMESTER

- BI 203 Microbiology (4 credits)
- BI 106 Science of Nutrition (3 credits)
- EN 102 Fundamentals of Composition II (3 credits)
- PS 102 Developmental Psychology (3 credits)
- PL 100 Philosophy and the Human Condition (3 credits)

THIRD SEMESTER

- B1 201 Anatomy & Physiology I (4 credits)
- IST 105 Intro to Microcomputer Fundamentals (3 credits)
- Diversity and Global Awareness Core (3 credits)
- *Electives (6 credits)

FOURTH SEMESTER

- BI 202 Anatomy & Physiology II (4 credits)
- Spiritual and Ethical Values Core (3 credits)
- SO 102 Introduction to Sociology (3 credits)
- MH 203 Statistics (3 credits)
- * Elective (3 credits)

*Electives are selected based on requirements of intended transfer institution

Total Credits: 65
