

BACHELOR OF BUSINESS ADMINISTRATION
**VETERINARY PRACTICE
MANAGEMENT**

PROGRAM DESCRIPTION

The Bachelor of Science in Veterinary Practice Management offers foundational course work that prepares students for leadership positions in a variety of animal- and veterinary-related businesses. Due to students beginning their educational journey in Manor's AVMA-accredited Program of Veterinary Technology, graduates of this program will be positioned to become practice managers. Program coursework includes AVMA-accredited curriculum in veterinary technology that provides students with the opportunity to become certified veterinary technicians while mastering skills to function as effective practice managers.

AFFORDABILITY

At Manor College, 96% of students receive financial aid. Manor is committed to making our personalized education experience possible for all students, both academically and financially. Manor offers competitive tuition, financial aid options such as merit-based scholarships, and athletic scholarships (for eligible sports). You'll find Manor is an affordable place to start your education!

ADMISSIONS REQUIREMENTS

Manor continually reviews and accepts applications, making it easy to become part of our community.

TIP: Better to apply sooner than later! With our rolling admissions policy, we review applications throughout the year in the order received. This means more certainty in your future, as you'll receive an admissions decision within two weeks of sending in all of your documents. You'll also be further along in the enrollment process, which improves your chances for scholarships and financial aid—and for getting your first selections for class times and professors.
