

BACHELOR OF SCIENCE  
**HEALTH SERVICES**  
EFDA

### **PROGRAM DESCRIPTION**

The Health Services degree prepares students to work in health care. The program consists of courses designed to provide students with an understanding of the social, political, ethical, legal, and economic aspects of complex health care delivery systems. Students completing the program will have the communication and management skills necessary to enter the health care workforce or to pursue more advanced educational opportunities. The concentrations in this degree- completion program include Dental Hygiene, Expanded Functions Dental Assisting, and Health Sciences.

### **AFFORDABILITY**

At Manor College, 96% of students receive financial aid. Manor is committed to making our personalized education experience possible for all students, both academically and financially. Manor offers competitive tuition, financial aid options such as merit-based scholarships, and athletic scholarships (for eligible sports). You'll find Manor is an affordable place to start your education

### **ADMISSIONS REQUIREMENTS**

Manor continually reviews and accepts applications, making it easy to become part of our community.

**TIP:** Better to apply sooner than later! With our rolling admissions policy, we review applications throughout the year in the order received. This means more certainty in your future, as you'll receive an admissions decision within two weeks of sending in all of your documents. You'll also be further along in the enrollment process, which improves your chances for scholarships and financial aid- and for getting your first selections for class times and professors.
