

### **PROGRAM DESCRIPTION**

The Associate in Science Pre-Science degree at Manor College allows students to apply for transfer after two years of study to an affiliated college or university. Students may transfer directly to a college or university program in Biology, Chemistry, Pre-Medicine, or General Science.

### **AFFORDABILITY**

At Manor College, 96% of students receive financial aid. Manor is committed to making our personalized education experience possible for all students, both academically and financially. Manor offers competitive tuition, financial aid options such as merit-based scholarships, and athletic scholarships (for eligible sports). You'll find Manor is an affordable place to start your education!

### **ADMISSIONS REQUIREMENTS**

Manor continually reviews and accepts applications, making it easy to become part of our community.

**TIP:** Better to apply sooner than later! With our rolling admissions policy, we review applications throughout the year in the order received. This means more certainty in your future, as you'll receive an admissions decision within two weeks of sending in all of your documents. You'll also be further along in the enrollment process, which improves your chances for scholarships and financial aid—and for getting your first selections for class times and professors.
