**All my love, thoughts and prayers are with my dear Basilian Sisters; although we cannot see each other physically at this time, I pray daily for all the members of our Basilian family and pray ardently that this health crisis may soon resolve itself, so that we may once again experience joyful and meaningful time together! Blessings and love!**

Dear Sisters of St Basil the Great,

I hope you are well during this Coronavirus pandemic. Thank you very much for your prayers for us! I miss being on campus with its special history and beautiful buildings. I especially miss teaching our wonderful students with our 4 horses that patiently teach each class how to see beauty in creation and help the sick and injured animals. Thank you for establishing Manor College and for continuing to lead us to Christ in an ever-changing world, even now producing masks for healthcare personnel!

Sending you my best regards!

**Sending many hugs and kisses to all of you.  
Please stay healthy, xo**

I am really hoping you are all safe during this horrible time. Just want to thank you for all that you do and for helping me when I was at SBA. Your legacy will live on because of the wonderful caring people that you are. Saint Basil was an inspiration to us all. We are #ManorStrong

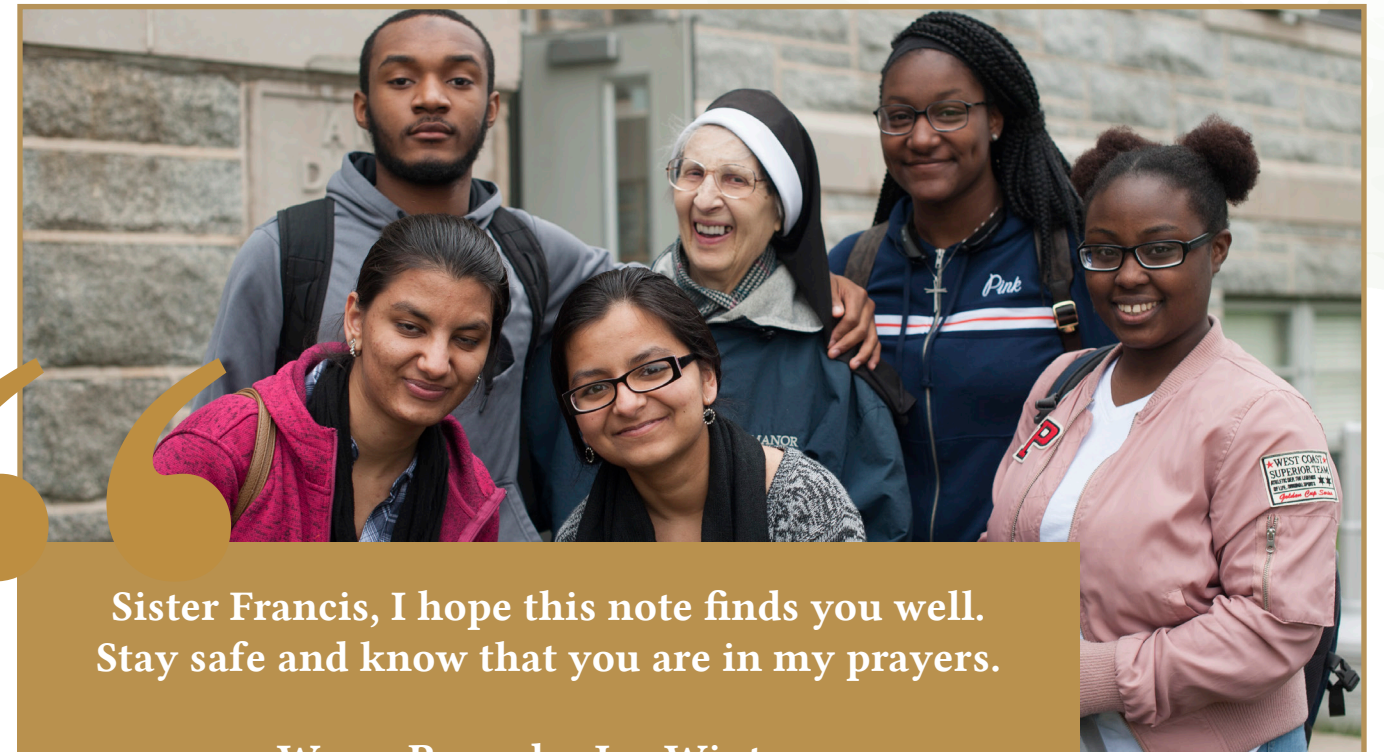

Take care and God bless you!

Thinking about you during these challenging, isolating times. You are so used to all the students around campus and all the activity of the college, this may be really hard for you. Know that we are thinking about you and we will be back soon enough! Stay Healthy!!

Dr. Marks

All the faculty at Manor are grateful to the sisters for their years of devotion to the College. I keep you all in my daily prayers and pray for an end to our isolation. I look forward to returning to campus and upholding the traditions instilled by our founders.

Praying for the health and safety of all the sisters.

Sister Francis, I hope this note finds you well. Stay safe and know that you are in my prayers.

Warm Regards, Jen Winters

**Hello! I am Katie and I work full time at Manor College. I wanted to share this quote that my Grandmother said to me. She said, "I think all of this is happening so that people can stop, spend time with their families, reflect, and speak more with God." She said that in March and it has carried me through these odd times. God bless and stay safe!**

Dear Sisters,

I am hoping you are all safe and well during this awful pandemic. It is so difficult to isolate oneself and not be near other people we love and miss. I am sure your faith is carrying you through this and you are finding ways to share that strength with others, just as you always do.

You are all in my thoughts and prayers.

Charmaine

Hello Sisters of St. Basil the Great,

We are thinking of you and praying for you daily. We know this is a challenging and difficult time, but I wanted to encourage you with a verse that I've been clinging to during these last 7 weeks of being home.

*Let us not grow weary of doing good, for in due season we will reap if we do not give up.*

We love you!

**Sisters: I am praying for your health and safety during this pandemic. I also pray that joy enters your heart every day.**

**Hi Sisters! I hope you are all doing well. I miss seeing you terribly. Hopefully with all of this home time, you are able to connect with each other and with God. Perhaps you've gotten time to do some nice puzzles or play games? I bet Sister Francis is good at those! I pray for you all daily and cannot wait until we can see each other again for tea :)**
