Manor College's Program of Veterinary Technology has an opening for two part time Animal (equine) caretakers.

Position Summary:

Manor College's Program of Veterinary Technology trains students to become credentialed Veterinary Technicians (Veterinary Nurses). Students in the program work with a variety of animals, including four horses stabled at the Motherhouse Barn. These positions will support the program by ensuring the horses receive reliable, consistent, and appropriate daily care.

Responsibilities:

- Provide daily food, water, and sanitation to the program horses that live at St. Basil's Motherhouse barn
- Provide routine grooming to the program horses
- Notify the Large Animal Clinical Coordinator of concerns related to the horses
- Maintain the stock and sanitation of stalls and feed room
- Assist in maintaining organized, clean, and sanitary facilities
- Other duties as assigned to support the care and welfare of horses used by the program

Minimum qualifications:

- High school diploma or equivalent.
- At least 1 year of experience caring for horses
- Excellent communication and interpersonal skills, as the position will interact with students, staff, faculty, and the Motherhouse Barn boarders.
- A willingness to work with students to enhance their educational experience
- This position would work a combination of morning and evening shifts, including weekends and holidays to ensure year round care of the horses.

To Apply:

Please submit an employment application to Dr. Stephanie Marks (SMarks@manor.edu). The application can be found at: https://manor.edu/about/employment/

This search will remain open until the position is filled.
