

ASSOCIATE OF SCIENCE IN PRE-NURSING

The pre-nursing associate degree program is designed for students seeking a BSN in nursing. The program provides the first two years of coursework necessary to transition to clinical training programs. The program's foundation lies in science, mathematics, and liberal arts, building students' interpersonal, critical thinking, and problem solving skills.

Independence 

Where Alumni Work

Do you have a passion for helping others and wish to pursue a career as a nurse? A pre-nursing program is the first step of that journey. The preparatory program allows students to complete the necessary coursework required to continue their education in nursing school.

Nurses practice in a variety of areas, including surgical, emergency medicine, obstetrics and more. Employment opportunities vary from hospitals and healthcare organizations to schools, government agencies, and home healthcare.

Why You Belong Here

We are committed to providing students with a nurturing and safe environment to learn and grow. Our small class sizes offer personalized education that ensures every student can experience quality education and success.

To provide students with the best possible education and experience, Manor College is proud to partner with other well-respected learning institutions. Our partnerships include:

La Salle University: Our **dual admissions partnership** with **La Salle University's Nursing Program** allows students enrolled at Manor College to take four courses at La Salle during their second or third year. Through the partnership, students transfer to La Salle University for two years to complete the BSN program. Specific curriculum and GPA requirements apply.

Thomas Jefferson University's Jefferson College of Nursing: If students have graduated with their Pre-Nursing Associate Degree from Manor College, they can continue their education with **Thomas Jefferson University's Jefferson College of Nursing** thanks to our dual admissions partnership. Students will work towards their Bachelor of Science in Nursing, BSN. Specific curriculum and GPA requirements apply. Students must complete the required prerequisites and then transfer to work towards the BSN.

For more information, call **215-884-2216** or email admissions@manor.edu.
